MEMORANDUM FOR: The Honorable Zbigniew Brzezinski
Assistant to the President for National Security
Affairs

SUBJECT : NIAM 76.1-1-77: The Ethiopian Revolution and
Its Implications

I am sending herewith a copy of a new National Intelligence Analytical Memorandum, The Ethiopian Revolution and its Implications. I believe you will find it relevant to both the President's interest in the Horn of Africa and the Policy Review Committee discussion of this topic. Because it was prepared before the most recent developments relating to Somalia, it discusses the interrelated problems of the Horn with a primary focus on Ethiopia rather than on Somalia, but I believe you will still find it useful. The work on this NIAM was the major part of the Intelligence Community's preparation for the PRM/NSC-21 paper on the Horn, and drafts of the NIAM were made available to the drafters of the PRM.
